Quick Start Guide

Read the full instruction manual before use. It contains comprehensive assembly, usage and maintenance instructions, and important safety advice.

Upright Use

Insert the tip of the handheld unit into the opening in the handheld unit recess. Then press the grip of the handheld unit into the frame until it clicks securely into position. Press the On/Off switch to start vacuuming.

Handheld Use

Press the handheld unit release button at the back of the frame. Then pull the handheld unit up and out of its recess in the frame. Attach the crevice nozzle or brush attachment to the opening at the front, if required. Press the On/Off switch to start the handheld unit.

Charging

Connect the battery charger to a mains socket and insert the DC connector into the charging socket at the underside of the cradle/stand. Feed the cable through the cable channel on the charging socket, then place the complete vacuum cleaner onto the cradle. The charge indicator light illuminates red and will illuminate green when fully charged.
