## REVERSE CYCLE INVERTER SPLIT SYSTEM AIR CONDITIONER

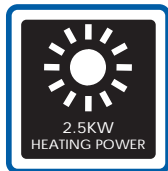

2.5kW (9000BTU)

### Features:

**2.5kW Cooling Power**  
2.5kW Cooling power.  
Efficiently cools a room to a comfortable temperature.

**2.5kW Heating Power**  
2.5kW (9000 BTU) Reverse cycle heating power technology for energy efficient room heating.

**Remote Control**  
Remote control operation with a backlit LCD and LED display.

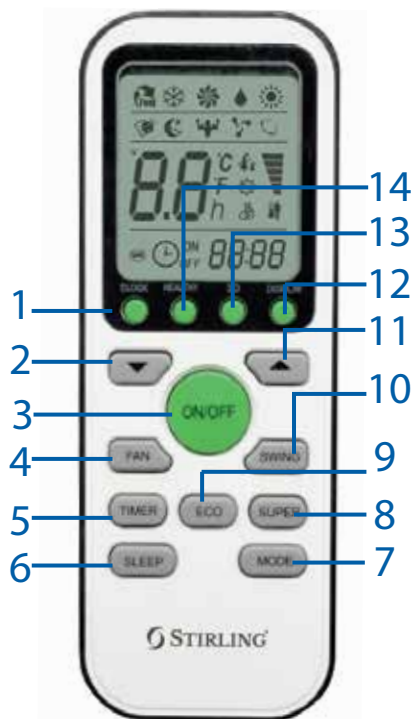

**Inverter Technology**  
Inverter technology for energy efficient, continuously regulated temperature control.

# Quick Start Guide

Read the full instruction manual thoroughly before use. It contains comprehensive usage instructions and important safety advice. This Quick Start Guide only contains a description of the remote control buttons and functions.

## Remote Control:

No	Button	Function
1	CLOCK	Press this button to set the time. When the time is flashing, press ▲ or ▼ to adjust the time. Every press equals one minute, or press and hold for rapid adjustment. Press CLOCK again once the time has been set.
2	▼ DOWN	Decrease temperature or time by 1 unit.
3	ON/OFF	Switch the unit on and off.
4	FAN	Select the fan speed.
5	TIMER	Set to switch on and off automatically.
6	SLEEP	Activate the sleep function.
7	MODE	Select the mode of operation.
8	SUPER/TURBO	In <b>cooling</b> mode, produce maximum cooling performance (16°C). In <b>heating</b> mode, produce maximum heating performance (31°C).
9	ECO	In <b>cooling</b> mode, the room temperature will be allowed to rise 2°C above the set temperature before cooling restarts. In <b>heating</b> mode, the temperature will be allowed to fall 2°C below the set temperature before heating restarts.
10	SWING	Activate or deactivate flaps for up/down air movement.
11	▲ UP	Increase temperature or time by 1 unit.
12	DISPLAY	Switch on/off the LED display (if present).
13	3D	The horizontal and vertical vanes will swing together at the same time.
14	HEALTHY	Not effective on this model.

### Note:

Every time you press a button, the unit confirms with a beep the correct reception of each action.

Model Number                      STR-TCL9AC

Cooling Power                      2.5kW

Heating Power                      2.5kW

Warranty                              5 Year In Home

Version                                QSG-V1.1
