For smooth gliding and faster steaming results

#### Garment Hanger

Built in to help make the steaming process easier

#### Dual Telescopic Poles

Adjustable dual telescopic poles can be extended for extra height or reduced for compact storage

#### Large Capacity Water Tank

2.4L transparent removable water tank for 60 minutes of continuous steam

# Quick Start:

Read the full instruction manual before use. This Quick Start Guide only gives basic usage instructions.

Once the water tank is full, follow the below steaming instructions

Empty

Full

1. Connect the power cord to a power outlet.
2. Press the power switch. This can be done with your foot lightly pressing on button to save you bending down.

3. The garment steamer has 3 heat settings, low, medium and high. Each setting is indicated by a different indicator light.

Red - High

Green - Medium

Blue - Low

4. Check the care label of the clothes to make sure that the garment can be steamed.
5. If you are unsure, test the material underneath the seam to make sure no damage will occur.
6. Do not hold steamer in one place for long periods of time as this may cause damage to your clothes.
7. Hang or attach the clothes to be steamed to the clothes hanger or the pants hanger.
8. Attach the task appropriate accessory to the steam head if required. Select the lint brush to remove fur or hair, the fabric brush for stubborn wrinkles, or the pleat attachment for steaming pants & shirts.
9. Point the steam head in the direction of the clothes and move it slowly up and down the length and breadth of your clothes. **CAUTION!** Steam can cause burns, do not point the steam head towards yourself or other people.
10. Gently steam your clothes to assist in removing any wrinkles and refreshing your clothes.

**Model Number**
