

# STIRLING<sup>®</sup>

## STEAM CLEANER

12-15 Minutes of Continuous Steam  
No Detergents or Chemicals Needed

### Usage:

**Hard Surfaces:**  
Suitable for cleaning  
benchtops, sinks, basins  
and shower door tracks.

**Delicate Surfaces:**  
Includes appropriate  
attachments for cleaning  
windows, glass panels,  
mirrors and shower doors.

**Sealed Grout:**  
Ideal for cleaning  
between floor,  
bathroom and  
kitchen tiles.

**Upholstery:**  
Suitable for cleaning  
soft furnishings  
that will withstand  
high heat.

# Quick Start:

Read the instruction manual before use. This Quick Start Guide only gives basic usage instructions.

## Setting up the steam cleaner

- Unscrew the safety cap: turn it counterclockwise to remove it and open the tank.
- Use the measuring cup and funnel to fill the tank with fresh tap water, taking care not to overfill the tank.

**NOTE:** Fill less than 500ml (maximum tank capacity) of water into the tank so there is enough room for the water to expand when it is heating up.

**NOTE:** Only use regular water in the machine, or distilled/purified water if the tap water in your area is very hard.

- Close the tank by replacing the safety cap: turn it clockwise and press down firmly to tighten.
- If required, attach the hose to the steam cleaner. Push the hose into the appliance and turn it clockwise (in the direction of the arrow mark) until it is securely locked in place. (See page 11 in the manual for how to attach the concentrator nozzle.)
- Plug the unit into a standard 220-240V wall socket, the power indicator will light up.

**NOTE:** Heat-up time is approximately 5 – 8 minutes. Filling the boiler with hot water will shorten the heat-up time.

- At the start, some water will come out of the nozzle. This is normal.

## Accessories

- |                        |                        |
|------------------------|------------------------|
| 1. Measuring cup       | 6. Angle adaptor       |
| 2. Detail brush        | 7. Steam diffuser      |
| 3. Funnel              | 8. Squeegee attachment |
