

Limited Edition

STIRLING[®]

Black Edition

70cm GLASS GAS COOKTOP

Features:

5 Gas Burners

5 Gas powered burners:
1 wok burner, 1 rapid burner,
2 semirapid burners,
1 auxiliary burner.

Versatile Cooktop Layout

Provides ample space
for cooking a variety of
dishes at the same time.

Flame Failure Safety Device

fitting with a protective flame
failure safety device,
which cuts gas off automatically
if the flame extinguishes.

Easy Clean Surface

The glass surface,
lift off controls and
cast iron trivets make it
easy to clean up.

Quick Start Guide

IMPORTANT: This gas cooktop must be professionally installed by a licensed gasfitter/plumber. See the full instruction manual for comprehensive installation and usage instructions and important safety advice.

Technical information

Burner	NG 4"WC / 1.00kPa		ULPG 11"WC / 2.75kPa	
	NGC	Nozzle Size	NGC	Nozzle Size
Auxiliary burner	3.6 MJ/h	0.87mm	3.3 MJ/h	0.51mm
Semirapid burner (x2)	6.3 MJ/h	1.13mm	6.0 MJ/h	0.67mm
Rapid burner	10.8 MJ/h	1.45mm	10.2 MJ/h	0.87mm
Wok burner	13.7 MJ/h	1.65mm	12.7 MJ/h	0.95mm

Using the cooktop

Step 1: Use an appropriately sized pan for each burner.

Step 2: The control panel at the front of the cooktop has five control knobs, one for each burner; the small diagram to the right of each knob illustrates which burner it controls.

Step 3: To light a burner, press down the appropriate control knob gently and turn it anticlockwise to the HIGH position. When the burner lights, keep the knob depressed for approximately 15 seconds to ensure it stays lit when released. Turn the knob to the required position, anywhere between the HIGH and LOW settings. Do NOT set it between OFF and HIGH. In the event of a burner flame being accidentally extinguished, turn off the burner control and wait for at least one minute before reigniting it.

Step 4: After use, always turn the control knob to the OFF position.

Consult the full instruction manual for comprehensive installation, usage and cleaning instructions and important safety advice.
