Using the oven

The oven features five different cooking modes so you can roast, bake, grill or defrost your food easily in the one appliance.

Step 1

- Select the appropriate function: defrost, conventional, fan bake, intensive bake or fan grill.

Step 2

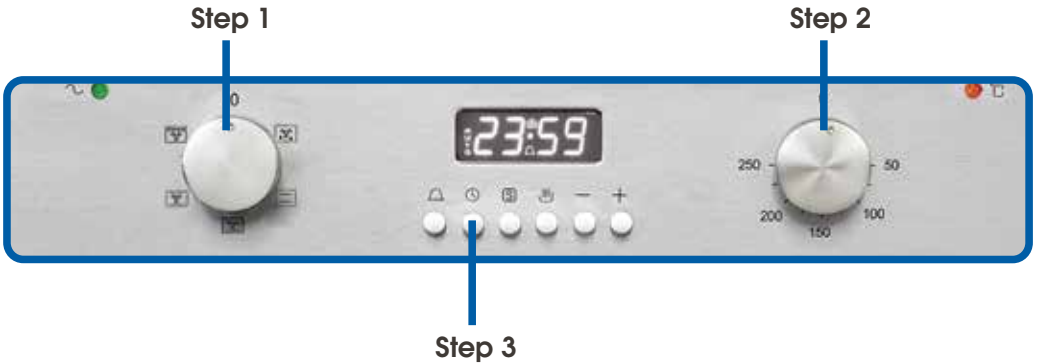

- Set the oven temperature to between 50°C and 250°C.

Step 3

- Set the timer to the appropriate mode and time, or to manual operation.

Step 4

- Follow cooking instructions.

Consult the full instruction manual for comprehensive installation, usage and cleaning instructions and important safety advice.
