

STIRLING®

46 BOTTLE WINE FRIDGE

Freestanding design
7-18° temperature range

Features:

46 Bottle Capacity

Designed for the budding wine enthusiast, this wine fridge holds 46 standard 750mL (Bordeaux-style) wine bottles.

Single Temperature Zone

Maintains your wine at the appropriate serving temperature recommended for sparkling (7.2-9.5°C), white (10-15°C) or red wine (15.5-18.5°C) and prevents spoilage due to excessive heat or cold.

Tempered Glass Door

The tempered glass door sustains the temperature inside the cabinet and keeps condensation to a minimum.

Anti-vibration

Designed with anti-vibration gaskets under the compressor to keep your wine in optimum condition for long-term storage.

Quick Start Guide

Read the full instruction manual before use. It contains important safety advice and comprehensive installation and usage instructions. This Quick Start Guide only contains a brief description of the control panel buttons.

Control panel

TEMPERATURE

Press the UP (or DOWN) button repeatedly to raise (warm) or lower (cool) the set temperature in one degree steps.

WINE

Depending on the temperature selected, these indicators illuminate.

LED DISPLAY

Displays the current temperature inside the cabinet (above zero).

°F / °C

Press the °F/°C button to change the temperature display from degrees Fahrenheit (°F) to Celsius (°C). The respective indicator illuminates.

LIGHT ON/OFF

Press this button to turn on the interior light; press it again to turn off the light.
