Installing the rangehood (refer to user manual)

All electrical work must be done in accordance with local and national electrical codes as applicable and should be undertaken by licenced and qualified persons only.

Operating Your Rangehood

Your Undermount Rangehood features push button controls with three speed levels of extraction.

Push the button for your desired speed ('Low', 'Medium', 'High') and the rangehood will operate at your selected speed.

Push the 'Light' button and the two lights will come on. To turn the lights off, simply push the 'Light' button again.

To switch the rangehood motor off, simply press the 'Off' button. To turn the light off, simply press the light button again.
