

STIRLING®

7KG CONDENSER DRYER

Electronic Digital Control

Features:

16 Drying Programs

For all your clothes drying needs.

Condenser Drying

Removes the dampness from your clothes without turning your laundry into a sauna.

Electronic Digital Display

Allows you to view the settings and time remaining until your clothes will be dry.

Anti-Crease Function

Prevents clothes from bunching during the drying cycle to minimise creasing.

Quick Start Guide

This Quick Start Guide includes only brief instructions. For detailed operating instructions, please read the corresponding content in the instruction manual, which also includes comprehensive installation and usage instructions, and important safety advice.

Step 1

Place items into the dryer one at a time, sorted into similar colours and fabrics, with small or delicate items placed into a mesh bag.

Step 2

Close the door and press the Power button.

Step 3

Rotate the program selection dial to select the desired drying program. If you want to use one of the speciality functions (Delay, Time, Intensity, Speed Dry, Signal or Anti-Crease), press the respective button on the control panel.

Step 4

A buzzer will alert you that the program has finished. Press the power button and unplug the dryer from the power supply. Open the door and take out the dry clothes.

NOTE: Please ensure clean the filter and empty the condensate container after every use.

Model Number	STR-CD8C
