# Quick Start Guide

Read the full instruction manual thoroughly before use. It contains comprehensive usage instructions and important safety advice. This Quick Start Guide only contains basic instructions.

## Step 1

Select the browning level: the higher the number, the longer the toasting time and the darker the toast.

## Step 2

Place bread into the toasting slots.

## Step 3

Push down the toasting lever completely to start.

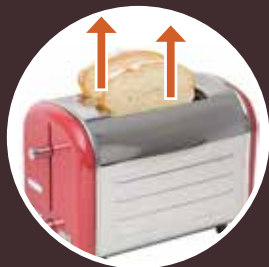

## Step 4

When selecting a special function, press the relevant button after having pushed down the toasting lever.

## Step 5

To stop the toasting cycle at any time, press the Stop button.

## Step 6

When the toast is ready, the toasting lever moves up and the toaster switches off. You can now remove the bread from the toaster.
